

**Procurement arrangements following the transfer of Private Sewers and Lateral Drains
[December 2009]**

1 Blockage clearance

	Procurement policy	E-mail address	Postal Address	Date of issue
Anglian Water	Look to in-house solution but may explore external resources.	scook3@anglianwater.co.uk	Heigham WTW, Waterworks Lane, Norwich, NR2 4DA	18 December 2009
Dwr Cymru	Not yet developed	<u>No e-mail address available</u>	Dwr Cymru Welsh Water, Pentwyn Road, Nelson, Treharris, Mid Glamorgan, CF46 6LY	16 December 2009
Northumbrian	NWL has undertaken reviews identifying how works are currently procured. All future procurement options are still under consideration. Works will be separately advertised through OJEU process	phil.hicks@nwl.co.uk	Northumbrian Water, Abbey Road, Pity Me, Durham DH1 5FJ	17 December 2009
Severn Trent	As a key part of its supply chain strategy Severn Trent Water (STW) has been, and continues to seek to rationalise the number of suppliers it directly interfaces with in order to drive greater value, consistency and efficiency in procurement of goods and services. In practical terms in this example, STW may be appointing Tier 1 suppliers to act as management contractors for a range of sewerage services. It is intended that this range of services will include those listed here (blockage clearance, minor repairs and CCTV and other inspections) and would also potentially extend to work associated with private drains and sewers following transfer. STW has adopted this strategy in other key service spend categories. In these spend areas, where provision of their services has proven to be commercially competitive, the opportunity for smaller suppliers to carry out work at lower tiers within the STW supply chain has continued.	purchasing.info@severntrent.co.uk	FAO Purchasing, Severn Trent Water, 2297 Coventry Road, BIRMINGHAM B26 3PU	16 December 2009
South West	Not yet developed	ayoung@southwestwater.co.uk (Contracts Manager) sblundell@southwestwater.co.uk (Purchasing Manager).	South West Water Ltd. Peninsula House, Rydon Lane, Exeter EX2 7HR	22 May 2009
Southern	Our preliminary view is that we will procure all related services via our existing framework contractors. They may choose to appoint other sub-contractors.	barry.luck@southernwater.co.uk	Southern Water Yeoman Road Worthing West Sussex BN13 3NX	16 December 2009
Thames	Thames Water are considering procurement of all blockage clearance and cleaning for private sewer activities through either small business consortia or by appointment as individual subcontractors to their appointed Management Contractor (tbc).Thames Water	Procurement.Support.Centre@thameswater.co.uk	Procurement Support Centre, C/O Post Room, Reading Bridge House, Reading, Berks, RG1 8PR	28 May 2009
United Utilities	UU are considering procurement of all minor repairs for private sewer activities through their appointed Short Cycle Network Partner.	John.Berry@uuplc.co.uk	Commercial Manager - Network Operations Grasmere House Lingley Mere Lingley Green Av Warrington	11 June 2009

Wessex	In November Wessex Water issued an OJEU notice for Expressions of Interest from Private Drainage Contractors for sewerage maintenance activities on private sewer infrastructure. This closed on 10th Dec and future tender returns & negotiations will inform the strategy further during early 2010.	private.sewers@wessexwater.co.uk	Procurement Wessex Water Claverton Down Bath. BA2 7WW	14 December 2009
Yorkshire	Yorkshire Water has undertaken reviews of how the existing services are provided and potential options post transfer. In addition, we have also had extensive discussions with service providers. We are in the process of developing our strategy for transfer	john.herdman@yorkshirewater.co.uk	Yorkshire Water, Western House, Western Way, Halifax Road, Bradford, BD6 2LZ	16 December 2009

2 Minor Repairs

Anglian Water	Included in current tenders for small works regional purchasing agreements	scook3@anglianwater.co.uk	Heigham WTW, Waterworks Lane, Norwich, NR2 4DA	18 December 2009
Dwr Cymru	Not yet developed		Dwr Cymru Welsh Water, Pentwyn Road, Nelson, Treharris, Mid Glamorgan, CF46 6LY	16 December 2009
