<b>Brief Description:</b>	<p>On arriving on site, the IP pulled his vehicle up in front of the first set of gates. The access road at this point is on a slight downward slope. He exited the vehicle and proceeded to unlock and open the gates, starting with the left hand gate on the offside of the vehicle. As he was doing this, he noticed the vehicle starting to move down the slope. He ran across the front of the vehicle to attempt to enter the drivers door and apply the brake but in doing so was trapped by the vehicle against the right hand gate and fence.</p>					
<b>Immediate Actions Taken:</b>	<p>He remained trapped for approximately 19 minutes until his calls for help were heard by a local resident. At 06.05 The local resident (also a doctor) reversed the vehicle and assisted the IP initially before calling the emergency services. The IP was taken to hospital by the ambulance.</p>					
<b>Next Steps:</b>	<ul style="list-style-type: none"> <li>Full investigation to be completed, including checks to vehicle by a garage.</li> <li>Local Incident Review to be held.</li> <li>Learning to be shared to all Affinity Water and partners</li> </ul>
