As such, any sums awarded under the Dispute Resolution Procedure in Schedule 5 or in court proceedings shall be reduced by the amount recovered by a Party under the redress procedures set out in the Redress section of the WSG.

1. General Principles

- 1.1 Paragraph references are to references in this Schedule unless stated otherwise.
- 1.2 The procedure set out in this Schedule (the “**Dispute Resolution Procedure**”) shall apply to any dispute, claim or difference (“**Dispute**”) between the Parties arising out of, or relating to, this WAA.
- 1.3 This Dispute Resolution Procedure sets out the intention of the Parties to act in a collaborative manner and in a spirit of partnership in seeking to resolve disputes at the earliest stage possible. It is therefore accepted by the Parties that this procedure shall only apply after the application of the redress procedures set out in the Water Sector Guidance. For the avoidance of doubt, any monies recovered by a party pursuant to these procedures shall be deducted from any sums awarded under the Dispute Resolution Procedure or in court proceedings subsequent to the operation of this procedure where those monies relate to the same set of circumstances giving rise to the dispute being dealt with under the Dispute Resolution Procedure.
- 1.4 Unless otherwise agreed, all negotiations connected with the Dispute shall be in confidence and without prejudice to the rights of the Parties in any future proceedings. If at any point the Parties reach agreement on the resolution of a Dispute or any part of a Dispute, it shall be set out in writing

and signed by the authorised representatives of both Parties. Such resolution shall from that point on be binding on the Parties and may be referred to as evidence of their agreement.

- 1.5 Changes to the details of the Parties authorised representatives must be notified, in writing to all Parties within 48 hours of any change taking effect.

2. Notice

- 2.1 If a Dispute arises, the Party who wishes to raise it ("**the Claiming Party**") must give notice ("**a Dispute Notice**") to the other Party or Parties ("**the Responding Party**") as soon as reasonably possible after becoming aware of the circumstances giving rise to the Dispute.
- 2.2 The Dispute Notice must specify in reasonable detail:
 - (a) the relevant facts giving rise to the Dispute;
 - (b) any contractual obligation or other applicable legal duty which the Claiming Party asserts has been or will be breached; and
 - (c) the remedy or action requested by the Claiming Party.

3. Negotiation

- 3.1 If a Dispute arises between the Parties at any time, such Dispute shall first be referred to the Parties' Representatives named in this Schedule. The Parties' Representatives shall meet without prejudice within 5 Days' of receipt of the Dispute Notice by the Responding Party and they shall attempt in good faith to resolve such Dispute.
- 3.2 Any decision jointly made by the Representatives shall be final and binding unless the Parties otherwise agree, once it has been recorded in writing and signed by each Representative in accordance with paragraph 1.4.
- 3.3 Subject to paragraph 3.1, if the Representatives have failed to resolve any Dispute within 10 Days' of receipt of the Dispute Notice by the Responding Party, the dispute shall be referred to the Parties' Senior Representatives who shall within 5 Days' of the Dispute being referred to them, meet without prejudice and attempt in good faith to resolve such Dispute.
- 3.4 Any decision jointly made by the Senior Representatives shall be final and binding unless the Parties otherwise agree, once it has been recorded in writing and signed by each Senior Representative in accordance with paragraph 1.4.

4. Mediation

- 4.1 If the Dispute cannot be resolved by negotiation, the Dispute shall be referred to Mediation pursuant to the procedure set out below unless any Party, acting reasonably, considers that the Dispute is not suitable for mediation.
- 4.2 For the avoidance of doubt, nothing in this Schedule shall be taken to exclude or limit the rights of any Party to make such applications (including but not limited to applications as to costs) as it sees fit in any proceedings, relating to the conduct of the other Party and in particular, any decision made under paragraph 4.1 above.
- 4.3 The procedure for mediation and consequential provisions relating to mediation are as follows:
- (a) a neutral mediator ("**the Mediator**") shall be chosen by agreement between the Parties or, if they are unable to agree upon a Mediator within 10 Days after a request from one Party to the other or if the Mediator agreed upon is unable or unwilling to act, either Party may apply to the Centre for Effective Dispute Resolution and Mediation ("**CEDR**") to appoint a Mediator and the mediation shall be conducted in accordance with the rules and procedures of the CEDR. If the CEDR is unable or unwilling to nominate a Mediator then any Party may (subject to obtaining the consent of the other(s)) approach an alternative reputable mediation body;
